Dear Bill,

Enclosed is our program schedule as it is at the moment. There will be several changes in a few weeks, as I hope to add a weekly program by the Yale Band, and another live show featuring a musical group on the campus.

At the present moment, we have very few shows that would be suitable for tape exchange. About the only shows that we are carrying sustaining that would be suitable are "Sketchbook" - a fifteen minute story-teller drama, and Cavalcade of Music - which features well-known show tunes from the Lang-worth collection.

If any interesting forums or interviews come along in the future, I will let you know. The coming Yale Band series might also be of interest. We worked with the band last year on a series of 15-minute shows which ran about 6 weeks and were quite good. Each year the band gives an out-door concert on the campus, playing classical selections, for the most part.

We are still hoping for a dramatic show, but everyone over at the drama school is quite busy at the moment, so I have almost given up hope along those lines.

I wrote to the New England representative of United Press to see what sort of a reduction we could get if all five of the stations were to sign with UP. I understand that they do have some sort of group discount, and wondered if we could save some money. It's worth looking into, at any rate.

Take life easy during spring vacation, and I'll see you at Princeton.

Cordially yours,

David S. Robinson
Program Director
